U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
On May 25, 1975
- Export shipments in
Current Marketing Year
- Daily Sales reported
May 26 - June 3, 1975

--As Reported by Exporters

Readers of this release are cautioned that it reports sales commitments outstanding as of the date indicated, all of which are subject to modification, deferral or cancellation by mutual agreement of the parties. It is unlikely that all reported quantities will be exported. Our experience with this monitoring system suggests that sales are apt to exceed exports, sometimes by substantial amounts, during periods when supplies are in balance with expected demand. Actual shipments to date may provide a more reliable measure of current export activity. A meaningful export projection is not obtainable by the simple device of adding outstanding sales commitments to exports to date.

U.S. DEPARTMENT OF AGRICULTURE, FOREIGN AGRICULTURAL SERVICE

EXPORT SALES REPORT

Comments on release of June 5, 1975 (based on reports from exporters during the week ending May 25, unless otherwise noted):

Wheat: The apparent export commitment (cumulative exports plus outstanding sales) for 1974/75 increased by 101,600 metric tons (MT), on the basis of a higher commitment to Nigeria of 104,600 MT, and minor changes to several other destinations.

For 1975/76 shipment, commitments to Japan and Peru rose by 62,500 MT and 50,000 MT, respectively. Commitments to India jumped by 254,000 MT, bringing the total wheat committed to India for next season to 1.9 million MT.

Also for 1975/76 shipment, sales reported under the daily reporting system for the period May 26-June 3 indicate a sale of 100,000 MT to Morocco.

Feedgrains: The apparent export commitment for 1974/75 increased by 219,500 MT. Total corn commitments rose by 120,100 MT, although commitments to unknown destinations declined by 88,700 MT. Commitments to Spain jumped by 163,900 MT, while commitments to the European Community (EC) and Canada rose by 28,500 MT and 17,200 MT, respectively. Sorghum commitments increased by 90,400 MT on the basis of higher commitments to Mexico of 65,000 MT and to Spain of 25,400 MT.

Rice: The apparent export commitment for 1974/75 increased by 27,500 MT on the basis of minor changes to several destinations.

Soybeans: The apparent export commitment decreased by 181,000 MT--91,300 MT on sales cancellations or deferrals to EC destinations, 50,600 MT to Japan, 11,000 MT to Taiwan, and 31,800 MT to the unknown destination category. Commitments to the U.K. and Canada increased by 21,900 MT. The annual unadjusted rate of exports declined to 13.3 million MT, the lowest level of the season. Further declines are expected in the closing months of the season.

Soybean Meal: The apparent export commitment decreased by 424,000 MT--one of the sharpest declines of the year--including 341,700 MT to EC destinations. Mexico purchased 10,000 MT, Czechoslovakia 5,000 MT, Venezuela 2,600 MT, and Canada 3,400 MT. On a soybean meal basis, imports have shown sharp reductions in Japan, the U.K., and Spain, while such countries as West Germany, Netherlands, and Denmark have substantially increased imports this season.

Soybean Oil: The apparent export commitment declined by 20,200 MT, primarily on cancellations and deferrals to MY 1975/76 by Iran. Guinea purchased 1,500 MT under Title I, PL-480. The People's Republic of China purchased 10,000 MT from Brazil.

Cotton: Seasonal exports neared 3 million running bales. Shipments were the highest in 13 weeks on loadings to the People's Republic of China. Sales for nearby delivery were fair for this late in the season, but new registrations for 1975/76 delivery continued very slow. The moderate demand registered in March and April was not sustained in May and the price rise leveled off. Even so, the absence of selling pressure generally maintained world values at 6 to 8 cents per pound above February levels.
